

PRINCIPLE-BASED DENTISTRY INTERNATIONAL

Principle-Based Dentistry International and Las Vegas Esthetics Presents:
"Making Everyday Easier"

Principle-Based Dentistry to Achieve Clinical Success In Everyday Practice

This course will cover:

- Preparation Design for Successful Indirect and Direct Posterior Restorations
- Predictable Adhesion Principles
- CEREC
- Laboratory Communication

The focus of this course will be on improving success in everyday practice.

- *Take home practical information you'll implement immediately*
- *Build relationships with colleagues*

Change your practice forever.

Our mission at P-BDI is to help you become a successful dental professional in your community. We want YOU to be in charge of your life so we've loaded this course with useful strategies, tools and tips.

Dr. Tony Tomaro, a graduate of the University of Michigan, School of Dentistry. Dr. Tomaro's experience and artistic knowledge, combined with technological sciences, gives him the natural ability to create beautiful smiles. Co-founder of Principle Based Dentistry, International, a post-graduate organization, Dr. Tomaro teaches live-patient treatment courses and lectures to dentists nationally and internationally.

Dr. Randy Bryson, a graduate from the Temple University School of Dentistry. Dr. Bryson and Dr. Margio are a husband-wife team with 24 years of dental experience. Drs. Bryson and Margio believe very strongly in the importance of education. They serve on the Clinical Faculty at UNLV School of Dental Medicine and are involved with several dental companies as Product Evaluators.

Dr. Toni Margio, a graduate from the Temple University School of Dentistry. Both Dr. Bryson and Dr. Margio host Patient Education Seminars at their Learning Center on topics such as implants, implant-retained dentures, TMJ, and cosmetic dentistry, in addition to holding periodic Invisalign™ Days so patients can learn more about invisible braces.

Enrollment is limited so reserve your spot today.
